HEALING INVITES A HOPEFUL FUTURE

"I am a Foster/Adoptive mother to 7 children. In our 10 years we have had three experiences with SARCC.

My teens/young adults were treated with such care and acceptance. The trauma they experienced throughout their years, coupled with the fact that it came from the very ones who are supposed to protect them, has formed some pretty strong and high walls.

*Without the services provided, I would not have the children I do today. Children who were **Accepted, Heard, Validated, Guided**, treated with **Respect**, and taught **THEY HAVE A VOICE**.*

They still have growth within them but we all do after all. Thanks to the support they received they stand a fair chance in life. A better chance. A hopeful future. We could not have done it without SARCC!"
